To whom it may concern

When I opted to move into the Bristol in August, Patricia Damm went through much paper work, gave me kind concern and a warm welcome.

Then came moving day which was a nightmare for me. Again your staff made it so comfortable for me.

When it came time to cozy up the room with my treasured paintings Robert and John came to my aid hanging pictures, paintings, shelves and anything I needed - and were so pleasant.

The entire staff - too numerous to mention deserve accolades.

For Robert and John who settled me here they deserve sincere thanks. You are fortunate to have them in your employ.

Most sincerely
Theribette Smolen
